

You are going to be

so glad

you used Google Classroom this year!

Archive

Everything you did in Google Classroom this year can be resuscitated next year - and you won't have to create it again!!

Share

You can share your materials with your colleagues by adding them as a co-teacher in your classroom, and they can archive your content in their own Google Classroom

Course Pacing

Investing time in Google Classroom provides an outline for your year planning!

Original Copies

When you provide content to students, Classroom creates a folder called templates and keeps a copy of your original!

Details can be found in the Google Classroom Learning Modules on the Hub!
